ABOUT PCMC

At Prince Court Medical Centre, we focus on all aspects of our patients' experiences!

Equipped with advanced and latest healthcare technology, we provide you with the best clinical support that you will need and extend to you our team of attending specialists, consultants, radiologists, laboratory technicians, pharmacists, physical rehabilitation therapists, dieticians and a 24-hour nursing care.

Tastefully decorated private rooms are created to reduce infection risk, assure privacy and confidentiality and provide additional comfort for the patient's family members. And our well designed building with retail outlets and concierge will also help with the healing process post-treatment.

Prince Court Medical Centre provides you with the best healthcare services coupled with world-class facilities, innovative technology and excellent customer services.

You will experience the comforts of home, the convenience you need and helpful, compassion service, the Malaysian way.

**" Raising Standards.
Committed to a Culture of Excellence"**

INSURANCE ASSISTANCE UNIT

Insurance Assistance Unit is a liaison between the hospital, the insurance companies and Third Party Administrators, both local and international.

Main Functions are to :

- Assist patients, agents and insurers network and claims unit on insurance related matters.
- Apply for guarantee of Payment with insurance companies and Third Party administrators.
- Liaise with doctors pertaining to admission and discharge of insured cases and its follow-up.
- Attend to enquiries on insurance coverage, claim process and procedures.

INTERNATIONAL SERVICE DESK

Due to the demand for services from international customers, the Hospital has an International Business Centre to cater to all their needs. A dedicated team has been appointed to respond to requests, co-ordinate with agents, manage the admission and discharge of patients and arrange follow-up on appointments.
